Cost:

\$4,622,000

Completion Date:

2002

This is a 50,000 square foot, two-story school accommodating 21 classrooms, a gymnasium with an indoor basketball and volleyball courts, clinic, tech lab, mechanical attic space, and cafeteria/kitchen to serve 500 students. The gymnasium walls are 26 feet high with 16 inch reinforced masonry walls. The project contained both load-bearing masonry and steel framed structural designs with brick exterior. The foundation consisted of shallow spread footings.
